

Results Worth Raving About!

*"For the past few years my hair never seemed to grow. I have tried a variety of vitamins and products to boost hair growth but nothing ever seemed to work. A friend recommended I try Terry Naturally® Hair Renew and I'm never looking back! I started taking 2 pills a day, for about a month or so, and saw results! My hair has not only been growing faster, but stronger as well!"**

— KARLEE K.

"After taking two a day, for about a month, my hair grew faster than it ever grew before taking the Terry Naturally Hair Renew! Not only did it increase hair growth, I've noticed additional shine and thickness as well. I recommend this product to anyone seeking a quality hair supplement that will actually show results!"

— KAYCEE Z. Employee of Terry Naturally

What if Every Day Could Be a Good Hair Day?

Now it can, with **Hair Renew Formula™**
from **Terry Naturally®**.

The difference between a good hair and bad hair day can have a big impact on your self-confidence and how you feel each day. The good news is that creating soft, luxurious hair doesn't have to be a challenge.

Whether your hair is thinning and brittle, or you're just looking to sustain healthy growth and maintain the glowing hair of your youth, Hair Renew Formula has you covered. It's the safe, effective solution you won't want to be without!*

This award-winning formula combines crucial ingredients to strengthen hair from the roots to the ends.*

TAKE IT DAILY TO:

- ENERGIZE HAIR GROWTH AT THE FOLLICLE
- NOURISH THINNING HAIR
- REDUCE AGE-RELATED HAIR LOSS
- SUPPORT STRONGER, THICKER, HEALTHIER HAIR*

POWERFUL INGREDIENTS FOR STRONG, HEALTHY HAIR*

It takes more than shampoos and conditioners to create truly healthy conditions for hair to look healthy and strong. Unlike topical products, which may only temporarily improve the outward appearance of your hair, Hair Renew Formula delivers a balance of nutrients to support hair from the inside out!*

Some of the Key Ingredients in Hair Renew Include:

- **Millet Seed:** A unique botanical ingredient that provides minerals and amino acids to support production of keratin, the essential building block of hair. Research has found that healthy keratin production promotes stronger, thicker, healthier hair.*
- **Biotin:** Essential in the renewal process of the follicles and roots of the hair. Supporting healthy hair growth results in thicker, more lustrous hair.*
- **B Vitamins:** Supports energy production in the fast-growing cells in hair follicles that are required for structural support.*
- **Zinc:** An important trace mineral that helps improve hair quality—especially when it's dry and brittle.*
